Cargo Insurance

"All risk" door to door cargo insurance covers:

- Pilferage
- Leakage
- Steam of Hold
- Rough Handling
- Breakage
- Burning
- Physical loss or damage to cargo
- Water Damage
- Theft
- Contact with other cargo
- Carrier Insolvency
- General Average

Ocean carriers generally limit their liability to a few cents per unit which in most cases only covers a small fraction of your cargo value. "All risk" marine insurance not only covers the full value of your goods and freight charges, but also covers the high cost of General Average Claims.

You may currently rely on your supplier overseas to insure your merchandise with a foreign based company. We have found from experience, claims that are filed with foreign companies are extensively delayed, and sometimes declined outright.

Please complete this form and return to us so we know how you wish to handle cargo insurance.

Please arrange insurance for all future shipments and bill me.

Please prepare a quote for cargo insurance.

Do not arrange insurance. We have our own Cargo Policy.

Do not arrange insurance. Our supplier arranges.

I decline any cargo insurance coverage.
